EDUCATION

2022 - 2026
ADDIS ABABA SCIENCE AND
TECHNOLOGY UNIVERSITY

- B.SC in Electrical and
Computer Engineering

2026
QIYAS TRAINING

- Qiyas Trainee in Full stack
development

SKILLS

Tech Skills

- Frontend Development
- Backend Development
- Database Management

Soft Skills

- Analytical Thinking
- Problem Solving
- Team Collaboration

LANGUAGES

- English
- Afan Oromo
- Amharic

PROFILE

I am a Computer Engineering graduate from Addis Ababa Science and Technology University (AASTU) with a strong foundation in software development, web technologies, and database systems. I have practical experience building full-stack applications using Java, Spring Boot, React, Node.js, express MySQL, and PostgreSQL. Through academic and personal projects, I have developed solutions for business management, digital services, and data-driven applications. I am passionate about learning new technologies, solving real-world problems, and contributing to innovative software development teams.s.

WORK EXPERIENCE

Student Management System

Technologies: Java, Spring Boot, PostgreSQL

- Developed a web-based system for managing student records and academic information.
- Implemented secure data management and CRUD functionality.
- Designed database schemas and API endpoints for efficient data access.

Restaurant & Café Website Development

Technologies: React, JavaScript, HTML, CSS, Tailwind CSS

- Designed and developed modern websites for restaurants and cafés.
- Implemented digital menus, reservation features, image galleries, and customer-focused interfaces.
- Optimized websites for mobile responsiveness and user experience.

AI & Machine Learning Projects

Technologies: Python, Machine Learning Fundamentals

- Participated in AI and Machine Learning training through AASTU GDG.
- Explored data analysis, machine learning concepts, and AI-powered solutions.
