To Whom It May Concern

It is with genuine pleasure and enthusiasm that I write this letter in support of Mr. Henok Tadesse. I have known him as a dedicated student within the Computer Science Department at Wachemo University since 2021.

During his studies, I had the privilege of teaching him core courses, including Wireless Communication and Mobile Computing, and Computer security.

Throughout this period, I consistently found Henok to be an outstanding student who demonstrates a relentless work ethic and a strong drive to master new skills. He has effectively demonstrated both theoretical and practical knowledge in his coursework and embracing new technologies within the field of computer science.

Furthermore, his performance in project work was exemplary. He was always ready to contribute positively in a team environment, highly receptive to feedback, and diligent in implementing suggestions and comments. In general, I am confident that Mr. Henok holds strong potential for future success in computer science.

On a personal level, Henok is competitive, highly reasonable, and sociable. I have no doubt that he possesses the skills and personal drive necessary to be successful in any demanding academic or professional environment, if given the chance.

I would appreciate any assistance you can provide to him, you can reach out to me at abenezerdefar@wcu.edu.et if you require further insights into his capabilities.

With best regards,

Abenezer Defar

Subject: Letter of Recommendation for **HENOK TADESSE MOLTUMO**

To Whom it may concern,

It is a pleasure to strongly recommend **HENOK TADESSE** for at your institution/office. I have known **HENOK TADESSE** for the past 4 years in my dual capacity as their Instructor for **Realtime and Embedded System** and as the Head of the Computer Science Department at Wachemo University.

During their time in our department, **HENOK TADESSE** consistently demonstrated a rigorous analytical mindset and a deep technical curiosity. In my courses, they stood out for their ability to bridge theoretical concepts with practical applications, particularly in complex areas such as **programming, system development and algorithms**.

Beyond their academic performance, **HENOK TADESSE** has shown impressive initiative in departmental projects. As Department Head, I observed their contribution by Final Project, where they displayed strong problem-solving skills and the ability to work effectively within a development team. They possess a solid foundation in software engineering principles and a commendable work ethic.

HENOK TADESSE also demonstrates the "soft skills" essential for professional success—clear communication, reliability, and a collaborative spirit. They have been a valued member of our academic community here in Hosanna, and I am confident they will bring the same level of dedication to your organization.

I recommend **HENOK TADESSE** without reservation. Please feel free to contact me at kumela2010@gmail.com if you require any further information.

Sincerely,

KUMELA NEDA
